

CUF30107 Certificate III in Media

Qualification: Certificate III
TAFE NSW Course No: 19243

This course reflects the role of a skilled operator in the film, television, radio or digital media industries.

Completing this course will provide you with an understanding of basic film and media production with an emphasis on interactive media creation using computers.

There is a mixture of visual and screen design, video and photography theory. You will enjoy planning, storyboarding and editing your own movies, taking digital photographs and creating interactive media titles.

Christian Verlaan
Photography Portfolio

Career opportunities/vocational outcomes:

The course is a starting point for you to investigate the possibilities in this area. Possible job titles relevant to this qualification include:

- Editing assistant or
- Interactive media author assistant, and to a lesser extent
- Archival media technician
- Camera/lighting assistant
- Production assistant.

Articulation:

The course prepares learners for further study in the film area or possibly Cert IV Multimedia and Cert IV Website Design.
